

MESOTHERAPY

A range which allies efficiency, wellness and safety. LABORATOIRES L'ESTHETIC has conceived products with high-quality formulas, maximizing natural ingredients. Time flies, skin changes : it gets damaged and old. Despite cosmetics promises and a healthy way of life, deeper layers of the dermis are degraded. L'ESTHETIC uses pharmaceutical grade ingredients in its complex formulas. MESO stimulates skin from inside without. changing its expression and shape.

BENEFITS

PERSONNALISATION
Our range of products covers face, hair and body treatments. A tailor-made procedure for each patient. Tested for maximum safety, effectiveness and pain reduction.

NATURE
L'ESTHETIC MESO uses the highest standard of ingredients. We source our vitamins, natural extracts, essential elements, organic silicon and pure hyaluronic acid, all part of our products' formulation.

INNOVATION
Breakthrough in-house R&D, complex development and avant-garde French research is our DNA.
